

# ALAGAPPA UNIVERSITY

(Accredited with A+ Grade by NAAC (CGPA: 3.64) in the Third Cycle), Graded  
as Category-I University and granted autonomy by MHRD-UGC)

## DIRECTORATE OF COLLABORATIVE PROGRAMMES

### **Diploma in Acupuncture Science**

Regulations and Syllabus

[For those who join the Course in July 2023 and after]

CHOICE BASED CREDIT SYSTEM

## GENERAL INSTRUCTIONS AND REGULATIONS

### Name of the Collaborative Institute

CUMBAM ACADEMY OF ACUPUNCTURE, CUMBUM

### Vision and Mission

Cumbam Academy's vision is to be a leader in Acupuncture and Natural lifestyle by engaging with our communities and by preparing compassionate and skilled practitioners who embody the heart and spirit of healing.

The mission of Cumbam Academy is the preparation of competent and dedicated healthcare practitioners as Acupuncture professionals with natural Lifestyle. Cumbam Academy will be known for academic excellence, quality Training, and leadership in wellness and Acupuncture healthcare.

### Programme

#### DIPLOMA IN ACUPUNCTURE SCIENCE

##### 1. Courses:

Diploma in Acupuncture science contains 6 theory papers and 2 Practical papers. Each Theory course contains lectures, tutorials, seminars and Each practical paper contains laboratory work, practical training, report writing, Viva- voice to meet effective teaching and learning needs.

##### FIRST SEMESTER

Course	CODE	Courses
THEORY		Basic Anatomy & Acupuncture Physiology
THEORY		Introduction to History & Philosophies of Acupuncture
THEORY		Applied Acupuncture- 1
PRACTICAL		Location of Acupuncture Meridians & Points

##### SECOND SEMESTER

Course	CODE	SUBJECTS
THEORY		Advanced Physiology of Acupuncture
THEORY		Morbid Elimination, Five Elements & Yinyang Philosophies
THEORY		Applied Acupuncture- 2
PRACTICAL		Acupuncture Diagnosis & Treatment

##### 2. Credits

Diploma in Acupuncture science under two semester pattern. Each semester contains 6 credits for theory papers and 4 credits for practical paper. Totally, 30 hours lectures per week with 20 credits.

##### 3. Semesters

An academic year is divided into two Semesters. In each semester, courses are offered in a minimum of 15 teaching weeks and the remaining 3-5 weeks are to be utilized for conduct of examination and evaluation purposes. Each week has 30 working hours spread over 5 days a week.

##### 4. Programme Education Objectives

- To make familiar through about human anatomy, Acupuncture physiology and Natural Life style in practice.
- To give complete knowledge about acupuncture Science, fundamental theories on which acupuncture science derived.
- To give adequate knowledge about acupuncture Channels, Points and their locations, relationship with organs
- To give a practical knowledge and training on diagnosis methods to conclude the deficiency and to select an appropriate acupuncture point for treatment.

- e. To train and educate the society to lead and live a healthy life without fear about diseases and drugs. To live with the nature's tune by following a simple and normal lifestyle based on the principles of acupuncture science.

#### **5. Programme Education Outcome**

- a. Understand about human anatomy, Acupuncture physiology and Natural Lifestyle in practice.
- b. Apply sufficient understanding of acupuncture Science, fundamental theories on which acupuncture science derived.
- c. Understand the knowledge about acupuncture Channels, Points and their locations, relationship with organs.
- d. Identify and perform the diagnosis methods and conclude the deficiency, to select an appropriate acupuncture point for treatment.
- e. End of the programme participants will be able to serve the society to lead and live a healthy life without fear about diseases and drugs. Understand with the nature's tune by following a simple and normal lifestyle based on the principles of acupuncture science.

#### **6. Eligibility for Admission:**

A candidate who has passed HSC (+2) Examination conducted by the Government of Tamil Nadu, or an equivalent examinations shall be permitted to appear and qualify for the Diploma in Acupuncture Science..

#### **7. Minimum Duration of Programme**

The programme is for one year, consist of two semesters Odd and Even semesters. Odd semesters shall be from June / July to October / November and even semesters shall be from November / December to April / May. Each semester there shall be 90 working days consisting of 6 teaching hours per working day (5 days/week).

#### **8. Medium of instruction**

The medium of instruction is Tamil or English.

#### **9. Teaching Methods**

The class room teaching would be through conventional lectures, the use of OHP, Power Point presentation, and novel innovative teaching ideas like television, smart board, and computer-aided instructions. Periodic field visit enables the student for gathering practical experience and up-to-date Field scenario. Student seminars would be arranged to improve their communicative skills.

The practical classes shall be conducted with special efforts to teach scientific knowledge to students. The students shall be trained to handle needling and handling patients shall be allowed to do experiments independently. The periodic test will be conducted for students to assess their knowledge. Slow learners would be identified and will be given special attention by remedial coaching.

#### **10. Attendance:**

Students must have earned 75% of attendance in each course for appearing for the examination.

Students who have earned 74% to 70% of attendance to be applied for condonation in the prescribed form with the prescribed fee.

Students who have earned 69% to 60% of attendance to be applied for condonation in the prescribed form with the prescribed fee along with the medical certificate.

Students who have below 60% of attendance are not eligible to appear for the examination. They shall re-do the semester(s) after completion of the programme.

#### **11. Examination**

The examinations shall be conducted separately for theory and practicals to assess (remembering, understanding, applying, analyzing, evaluating, and creating) the knowledge required during the study. There shall be two systems of examinations viz., internal and external examinations. The internal examinations shall be conducted as Continuous Internal Assessment test.

#### **12. Continuous internal Assessment:**

- a. Continuous Internal Assessment for each paper shall be by means of Written Tests, Assignments, Class tests and Seminars.
- b. **25 marks** allotted for the Continuous Internal assessment is distributed for Written Test, Assignment, Class test and Seminars.
- c. one Internal Test of 2 hours duration may be conducted during the semester for each course / subject and the best marks may be considered and one Model Examination will be conducted at the end of the semester prior to University examination. Students may be asked to submit at least five assignments in each subject. They should also participate in Seminars conducted for each subject and marks allocated accordingly.
- d. Conduct of the continuous internal assessment shall be the responsibility of the concerned faculty.
- e. The continuous internal assessment marks are to be submitted to the University at the end of every year.
- f. The valued answer papers/assignments should be given to the students after the evaluation is over and they should be asked to check up and satisfy themselves about the marks they have scored.
- g. All mark lists and other records connected with the continuous internal assessments should be in the safe custody of the institution for at least one year after the assessment.

#### **13. External Examination**

- a. There shall be examinations at the end of each semester, for odd semesters in October/November; for even semesters in April / May.
- b. A candidate who does not pass the examination in any course(s) may be permitted to appear in such failed course(s) in the subsequent examinations to be held in October / November or April / May. However, candidates who have arrears in practical shall be permitted to take their arrear Practical examination only along with regular practical examination in the respective semester.

- c. A candidate should get registered for the first-semester examination. If registration is not possible owing to a shortage of attendance beyond the condonation limit/regulation prescribed OR belated joining OR on medical grounds, the candidates are permitted to move to the next semester. Such candidates shall re-do the missed semester after completion of the programme.
- d. Viva-Voce: Each candidate shall be required to appear for the Viva-Voce Examination for each practical paper.

#### **14. Passing minimum**

- a. A candidate shall be declared to have passed each course if he/ she secures not less than 40% marks in the End Semester Examinations and 40% marks in the Internal Assessment and not less than 40% for Diploma the aggregate, taking Continuous assessment and End Semester Examinations marks together.
- b. The candidates not obtained 40% in the Internal Assessment are permitted to improve their Internal Assessment marks in the subsequent semesters (2 chances will be given) by writing and submitting assignments.
- c. Candidates, who have secured the pass marks in the End-Semester Examination and the CIA but failed to secure the aggregate minimum pass mark (E.S.E + C I.A), are permitted to improve their Internal Assessment mark in the following semester and/ or in University examinations.
- d. A candidate who gets less than 40% in the Practical examination, such candidates need to take again the Practicals.

#### **15. Standard of Passing and Award of Division:**

- a. Students shall have a minimum of 40% of total marks of the University examinations in each subject. The overall passing minimum is 40% both in external and aggregate of Continuous Internal Assessment and external in each subject.
- b. The minimum marks for passing in each theory / Lab course shall be 40% of the marks prescribed for the paper/lab.
- c. A candidate who secures 40% or more marks but less than 50% of the aggregate marks, shall be awarded **THIRD CLASS**.
- d. A candidate who secures 40% or more marks but less than 60% of the aggregate marks, shall be awarded **SECOND CLASS**.
- e. A candidate whose scores 60% or more of the aggregate marks, shall be awarded **FIRST CLASS**.
- f. The Practical shall be assessed by the two examiners, by an internal examiner and an external examiner.

**16. Miscellaneous**

- a. Each student possesses the prescribed text books for the subject and the workshop tools as required for theory and practical classes.
- b. Each student is issued with an identity card by the University to identify his / herself to the course.
- c. Students are provided library and internet facilities for development of their studies.
- d. Students are to maintain the record of practicals conducted in the respective laboratory in a separate Practical Record Book and the same will have to be presented for review by the University examiner.
- e. Students who successfully complete the course within the stipulated period will be awarded the degree by the University.

**17. Fee structure**

Course fee shall be as prescribed by the University and 50% of the course fee should be disbursed to university. Special fees and other fees shall be as prescribed by the Institution and the fees structure must be intimated to the University. Course fees should be only by Demand draft / NEFT and A U has right to revise the fees accordingly.

**18. Other Regulations:**

Besides the above, the common regulation of the University shall also be applicable to this programme.

# DIPLOMA IN ACUPUNCTURE SCIENCE

## Programme Structure

**Outcomes**

1. learned the Location of the Yang channels
2. Understand the functionalities of acupuncture Yang meridian points
3. Know the about the Fire, Earth, Air, Water and wood Yang channel point locations
4. Understand the diagnosis and treatment methods of acupuncture
5. Gain knowledge about diagnosis and treatment methods based on the Philosophies

## Diploma Programme

### **Passing minimum**

- A candidate shall be declared to have passed in each course if he/she secures not less than 40% marks in the End Semester Examinations and 40% marks in the Internal Assessment and not less than 40% in the aggregate, taking Continuous assessment and End Semester Examinations marks together.
- The passing minimum for CIA shall be 40% out of 25 marks (i.e.10 marks) in Theory/ Practical Examinations.
- The passing minimum for University Examinations shall be 40% out of 75 marks (i.e. 30 marks) for Theory /Practical papers.
- The candidates not obtain 40% in the Internal Assessment are permitted to improve their Internal Assessment marks in the subsequent semesters (2 chances will be given) by writing the CIA tests or by submitting assignments.
- Candidates, who have secured the pass marks in the End-Semester Examination and in the CIA but failed to secure the aggregate minimum pass mark (E.S.E + C I.A), are permitted to improve their Internal Assessment mark in the following semester and/or in University examinations.
- A candidate shall be declared to have passed in the Dissertation/Project report/Internship report if he/she gets not less than 40% marks in the Internal Assessment and End Semester Examinations and not less than 40% in the aggregate, taking Continuous assessment and End Semester Examinations marks together.
- A candidate who gets less than 40% in the Dissertation / Internship/ Project Report must resubmit the thesis. Such candidates need to take again the Viva-Voce on the resubmitted report/thesis.
